

"PROMOTING THE CONSTRUCTION INDUSTRY TO AMERICA'S YOUTH"

The Colorado Construction Career Day of Southern Colorado and the construction industry are preparing to host high school students from the southern Colorado area at the 2026 Colorado Construction Career Day event on Thursday September 10, 2026. Both volunteers and financial sponsors are needed to provide activities and equipment to meet our expected costs to host this unique, fun and hands-on exploration of careers in the construction industry.

We are encouraging all industries to support this event which gives students the opportunity to explore careers in construction. We need sponsorships to meet our expected budget for expenses. The expense budget is used for student and volunteer lunches, student safety equipment such as hard hats, glasses, promotional costs and much more.

Look over the attached sheet to review the sponsorships and use the form below to send us your sponsorship information. It has made an impact on students, administrators, legislators, and even our own industry. With your help and sponsorship, the 2026 Colorado Construction Career Day of Southern Colorado will continue sending messages to students that the construction industry is a viable career choice. If you have any questions or need more information or if your organization requires an invoice in order to remit payment, contact Jessica O'Connell, 719-310-4848, info@sococareerdays.com.
